The ROMA

The Roma by DarenthMJS is quite simply the "Rolls Royce" of our speciality machine range. Exhibiting a striking combination of matt black cabinet, contrasted with highly polished stainless steel features and breathtaking neon-effect backlighting, this superb new speciality machine perfectly complements the high quality of hot beverages produced.

Whether it's simply a smooth, dark and aromatic black coffee that 'takes your fancy', a highly whipped and frothy, deliciously tempting cappuccino, or a rich, creamy indulgent café mocha, the incredibly compact, feature packed and totally dependable Roma by DarenthMJS does it all with style and complete convenience.

Roma shown featuring electric blue neon effect lighting system and optional display of genuine coffee beans

Roma shown with optional coin mechanism or full change-giving facility

DRINK SELECTION

The Roma features 14 chrome effect, one touch drink selection keys as standard (all entirely programmable for drink choice, preselect, hot water dispense and other market leading features). Graphical strength adjustment feature allows users to 'fine tune' their chosen drink to their precise taste preferences - just like at home!

Optional 'Go Large' and 'Go Decaf' features to enhance user choice yet further.

All machines in the DarenthMJS speciality range feature hugely powerful, frequency locked ingredient motors including all metal gearboxes and high speed, precision balanced whipper motors. Ask your dealer to compare this to other machines!

The Roma features a striking combination of matt black high durability paintwork, perfectly contrasted with highly polished stainless steel features and breathtaking neon-effect backlighting. Available in a range of colours including Radiant Red, Ice White, Electric Blue and Sunset Orange, the lighting effect even extends to the optional matching base cabinet! Quite simply the best there is!
